

## Statement on Extraordinary Session

This was a very busy week in the State Legislature. Both houses of the Legislature were on the floor debating legislation as part of an Extraordinary Session. As you may know, I voted against all three pieces of legislation. To follow up with all of you, I want to share the statement I released following these votes:

"When these bills came out, I had concerns with various provisions. In the days following, I heard from an overwhelming number of voters in my district who opposed this legislation and it is my job to cast my vote in the interest of those whom I represent."

**Rep. Todd Novak (R-Dodgeville)**
