

Constituent Survey by Rep. Rob Brooks (R-Saukville) - Education questions/responses only

What best represents your position on the University of Wisconsin System budget cuts?	New revenue estimates are due out in a few months. If additional revenue is available to use in the state budget, where should a large portion of these resources go?	Would you be in favor of school choice expansion to allow taxpayer-funded scholarships to be used for low-income families to attend a state-approved private school?
